

BENTHAM OPEN

THE OPEN CYBERNETICS & SYSTEMICS JOURNAL

The Open Cybernetics and Systemics Journal is an Open Access online journal which publishes research articles, reviews, letters, and guest edited single topic issues in the interdisciplinary areas of Cybernetics, Systems Engineering, Systemics and Informatics, including human computer interactions. The journal spans a broad range of interests, including the applications, theoretical and technical development of artificial intelligence, finite automata, switching theory, algorithm theory, optimization, operations research and hybrid systems.

The Open Cybernetics and Systemics Journal, a peer reviewed journal, is an important and reliable source of current information on the latest developments in the field. The emphasis will be on publishing quality articles rapidly and freely available to researchers worldwide.
